

America's largest developer of high-end retail spaces and A-list malls reinvigorated its Manhattan office with crisp colors, rich woods and up-to-the-minute technology. Reception center features metal fronts. Private offices dazzle with Highline pieces and a custom work wall.

Top: Custom work stations in weathered plain-sliced American white oak, grey back painted glass, blackened steel trim. Left: Custom Highline executive Desk with polished chrome metal edge and open loop legs, umbra grey back painted etched glass top. Custom work wall: Weathered plain-sliced American white oak veneer cabinets and shelves, polished chrome hardware and custom grey painted magnetic glass wall. Highline table desk, custom color back painted etched glass top with grommets, polished chrome closed loop leg, American white oak modesty panel, shown right.
